With Special Guest

## KARL WOLF

Thursday, April 30th

7:00PM

Internationally renowned, multi-platinum recording artist, **Akon**, released his new album Freedom on December 2nd, which spawned three singles: "Right Now (Na Na Na)", "I'm So Paid" (featuring Lil Wayne and Young Jeezy) and "Beautiful" (featuring Kardinal Offishall and Colby O'Donis). Akon is also confirmed to feature in Flo Rida's upcoming album with the song "Guarantee".

Canadian-based artist, and recording sensation, **Karl Wolf** first gained mainstream attention as a vocalist and producer for various groups, but his most significant mark on the Canadian market came when he began co-writing and producing multi-platinum hit singles for the Quebec TV Show "Star Academie". His single "Africa" off of his "Bite The Bullet" album has now gone double platinum and has garnered major airplay at Top 40, Hot AC and AC formats, refreshing Toto's classic 80's hit.

"We are extremely excited to work with Akon on this new series of concerts," said Simone Sestito, ISSIMO's Founder and C.E.O. "Akon is an incredible artist that puts all of his intensity into every Live performance that he does. The addition of Karl Wolf is going to make these two shows bona fide not to be missed events."
